

Spindle Holder R40

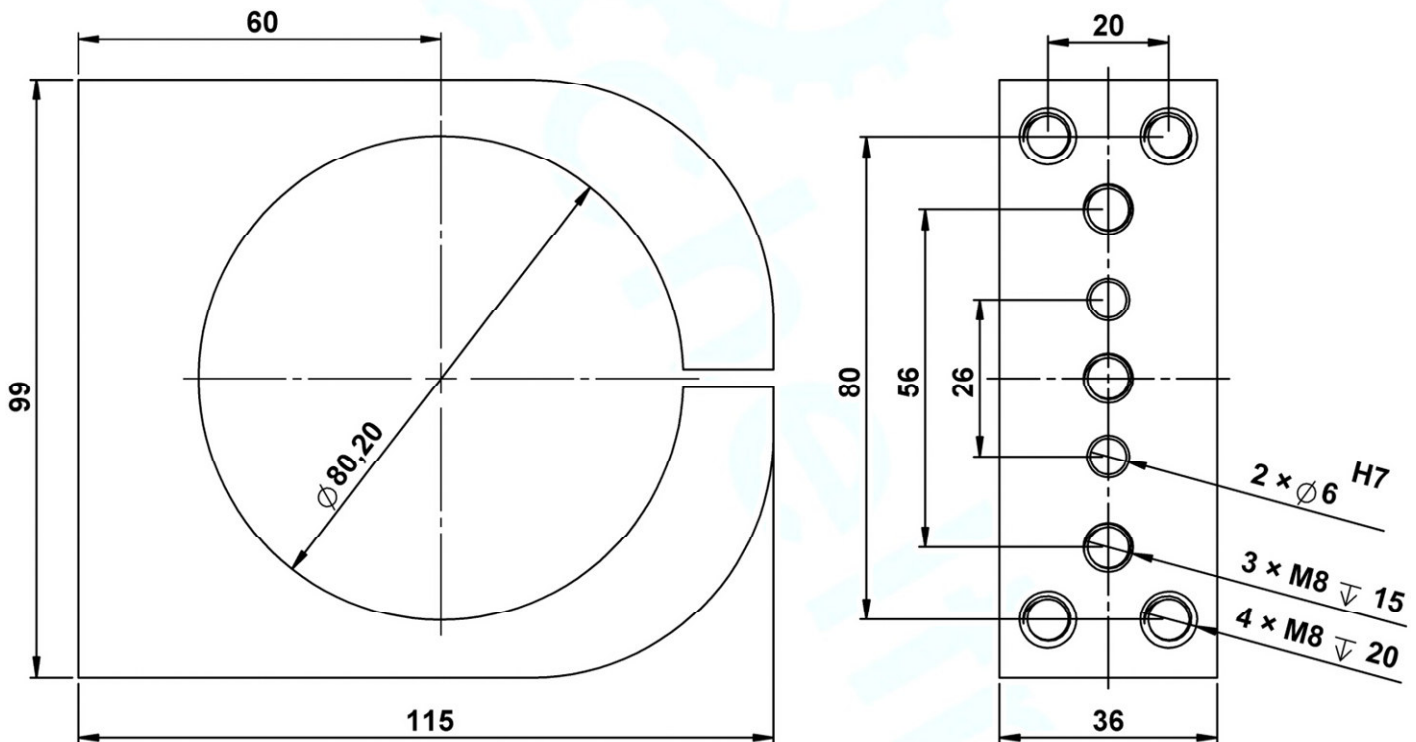

80 mm

Introduction

The 80mm Spindle Holder for CNC milling machines is an indispensable accessory for precise and efficient machining processes. This holder provides a robust and reliable connection between the milling spindle and the machine, ensuring high accuracy and stability. Designed for use in demanding industrial environments, the 80mm Spindle Holder is characterized by its durability and ease of use. It is compatible with a wide range of CNC milling machines and enables flexible and versatile use in various machining scenarios.

Mechanical Dimensions

Scope of Delivery

- Spindle Holder R40 $\varnothing 80$ mm
- Screw DIN 912 M8 x 25 zinc plated; 2 pcs.
- Screws DIN 7984 M8 x 16 zinc plated; 3 pcs.
- Fitting Pins DIN 6325 $\varnothing 6$ mm m6 x 20 mm; 2 pcs.
